REPORT

ON

JOINT STOCK COMPANIES

FOR

1923-24

Introductory Note.

This report relates to Joint Stock Companies at work in British India and in the Indian States of Mysore, Baroda, Gwalior, Hyderabad, Indore and Travancore, during the year 1923-24. The volumes in these series include figures for British India and Mysore only till 1918-19, but Baroda, Gwalior and Indore were added from 1919-20, Travancore from 1920-21 and Hyderabad from 1921-22. The sources of these statistics are the returns and reports prepared by the Registrars of Joint Stock Companies in regard to companies governed in the case of British India, by the Indian Companies Act VII of 1913, the Indian Life Assurance Companies Act VI of 1912, and the Provident Insurance Societies Act V of 1912; in the case of Mysore by the Companies Regulation VIII of 1917 which has taken the place of Regulation III of 1895; in the case of Baroda by the Baroda New Companies Act II of Samvat 1975, which has taken the place of the Baroda Companies Act III of 1897; in the case of Gwalior, by the Gwalior Companies Act, Samvat 1963; in the case of Indore, Travancore and Hyderabad, by the Indore Companies Act, 1914, the Travancore Companies Regulation I of 1092-M E., and the Hyderabad Companies Act, respectively.

Source of statistics.

In the year under review the number of newly registered companies (both public and private) decreased by 13 per cent as compared with the previous year. The authorised capital of the newly registered companies, as compared with the preceding year, decreased by 24 per cent and the paid-up capital by 54 per cent. The number of private companies registered in 1923-24 was 190 as against 217 in 1922-23. The authorised capital of the different classes of companies both private and public registered during 1922-23 and 1923-24 was as follows :—

Banking,
loan and
insurance.

The total paid-up capital invested in banking, loan, investment and trust, nidhis and chit associations and insurance companies amounted to R19 crores, of which 16 per cent was in companies registered in the Madras Presidency, 45 per cent in the Bombay Presidency, and 13 per cent in Bengal. There is a striking contrast between the authorised and the paid-up capital of insurance companies.

Transit and
Transport.

Transit and transport companies accounted for a paid-up capital of over R22 crores, of which R15 crores, or 66 per cent, were invested in railways and tramways. Bombay contributed about R8,35 lakhs or 56 per cent, and Bengal R6,39 lakhs or 43 per cent, of the total capital invested in railways and tramways.

Trading and manufacturing companies accounted for a paid-up capital of ₹78 crores, of which ₹9,83 lakhs, or about 13 per cent, were invested in public service companies, ₹6,07 lakhs in tobacco, ₹5,74 lakhs in iron, steel and shipbuilding, ₹7,08 lakhs in agencies, ₹5,20 lakhs in clay, cement and other building and construction materials, and ₹4,06 lakhs in engineering. Trading and Manufacturing.

Over one-fourth (₹74,66 lakhs) of the aggregate paid-up capital was invested in mills and presses, chiefly for working or pressing cotton, jute, wool and silk. A large number of mills and presses was registered in Bombay, which appropriated nearly 45 per cent (₹33,76 lakhs) of the total, most of it being invested in cotton mills, silk and woollen mills, and presses. Mills and presses (mainly jute) registered in Bengal had about 72 per cent (₹24,37 lakhs) of the capital invested in mills and presses in Bombay. Mills and Presses.

In tea, coffee, and other plantations, a paid-up capital of ₹10,06 lakhs was invested, and of this amount ₹7,84 lakhs were held in Bengal, the majority of the tea companies owning gardens in north-eastern India being registered in Calcutta. Planting.

The paid-up capital of mining and quarrying companies was ₹41,77 lakhs, of which 27 per cent (₹11,42 lakhs) was invested in companies registered in Bengal, most of it representing capital invested in coal mines. Paid-up capital amounting to ₹10,72 lakhs was invested in iron ore and ₹3,51 lakhs in petroleum companies, the latter working mainly in Burma. Mining and Quarrying.

At the close of the year 1922-23, there were 305 companies limited by guarantee, not having a share capital (including associations not for profit), incorporated in India under the Indian Companies Act. Of these, six ceased to work, and 13 new companies were registered during the year. There was thus a total of 312 companies at work on the 31st March, 1924. Companies limited by guarantee and associations not for profit.

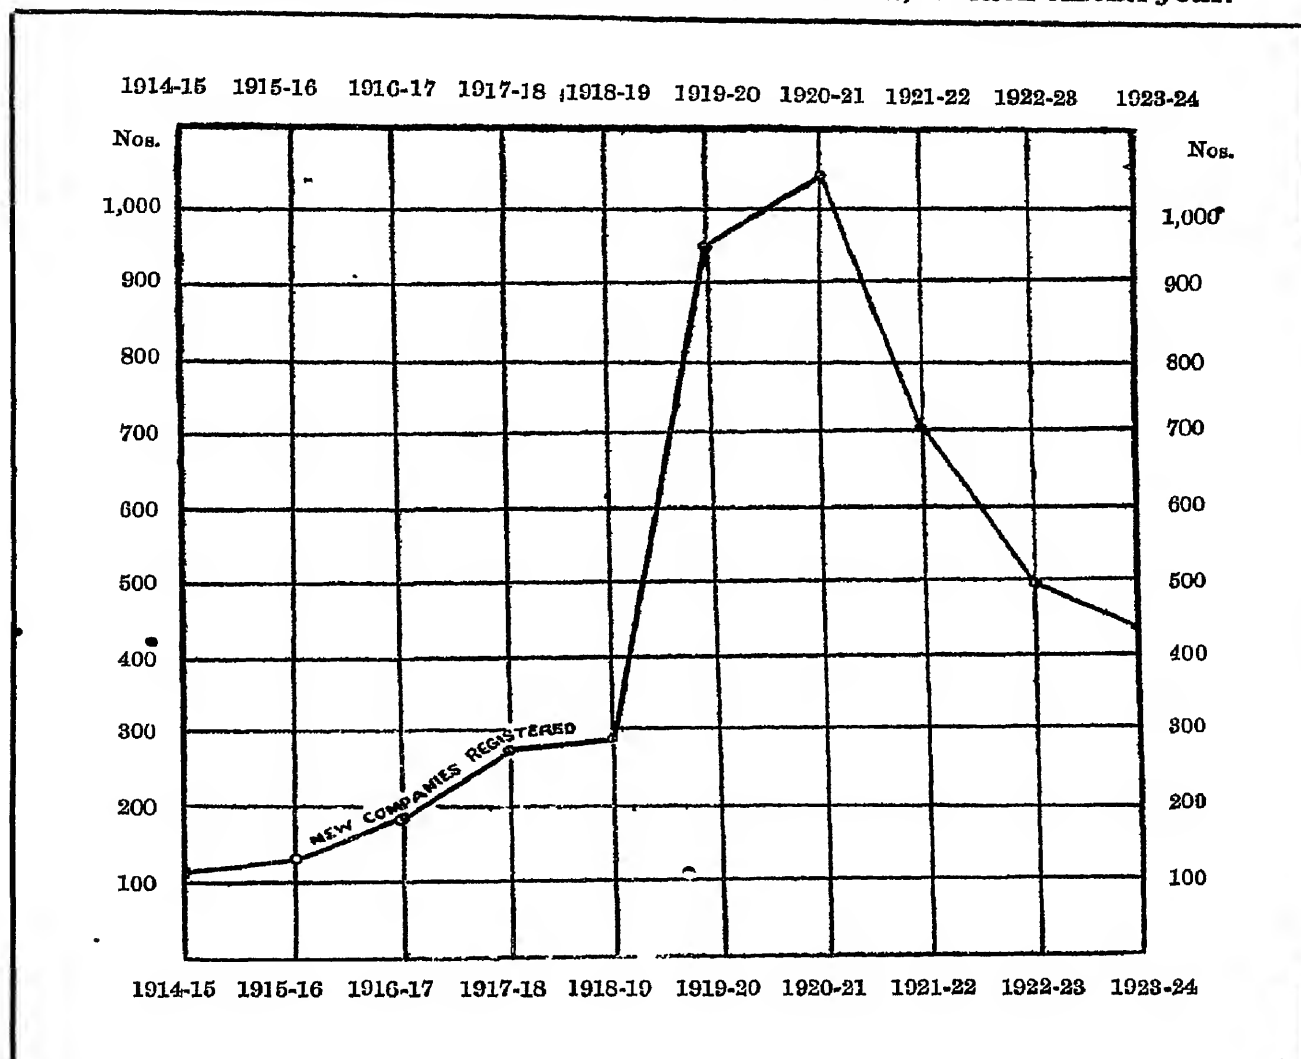

Statistics have been collected, so far as possible, regarding companies which have been incorporated elsewhere than in India, chiefly with sterling capital, but which carry on work in India. The total number of such companies working at the end of 1923-24 for which returns are available was 755, and the paid-up capital thereof amounted to £594,522,000, besides debentures to the extent of £122,796,000. Railways and tramways represented £35,626,000 of the paid-up capital and £43,030,000 of the debentures. Of the remainder, the sterling share capital invested in the tea industry was £20,584,000 and in jute mills £4,461,000. The gold fields in Southern India are chiefly worked by companies formed in the United Kingdom, the paid-up sterling capital invested therein being £2,188,000. It should, however, be borne in mind that in the case of most of the banking and insurance companies and of some of the navigation and other trading companies incorporated outside India, only a portion, sometimes a very small portion, of the capital shown above is invested in India, as these companies work also in other countries besides India, and information regarding the portion of their capital invested in India is not obtainable. Companies incorporated outside India.

The amount of fees, for both registration and copying, realised by the Registrars of Joint Stock Companies in connection with the registration of companies in the year under review amounted to ₹1,87,000, as compared with ₹2,18,000 in the preceding year. Fees collected.
